Graham Wallas and the Great Society

1980-06-18

the new york times bestselling author of the forgotten man and coolidge offers a stunning revision of our last great period of idealism the 1960s with burning relevance for our contemporary challenges great society is accurate history that reads like a novel covering the high hopes and catastrophic missteps of our well meaning leaders alan greenspan today a battle rages in our country many americans are attracted to socialism and economic redistribution while opponents of those ideas argue for purer capitalism in the 1960s americans sought the same goals many seek now an end to poverty higher standards of living for the middle class a better environment and more access to health care and education then too we debated socialism and capitalism public sector reform versus private sector advancement time and again whether under john f kennedy lyndon johnson or richard nixon the country chose the public sector yet the targets of our idealism proved elusive what s more johnson s and nixon s programs shackled millions of families in permanent government dependence ironically shlaes argues the costs of entitlement commitments made a half century ago preclude the very reforms that americans will need in coming decades in great society shlaes offers a powerful companion to her legendary history of the 1930s the forgotten man and shows that in fact there was scant difference between two presidents we consider opposites johnson and nixon just as technocratic military planning by the best and the brightest made failure in vietnam inevitable so planning by a team of the domestic best and brightest guaranteed fiasco at home at once history and biography great society sketches moving portraits of the characters in this transformative period from u s presidents to the visionary uaw leader walter reuther the founders of intel and federal reserve chairmen william mcchesney martin and arthur burns great society casts new light on other figures too from ronald reagan then governor of california to the socialist michael harrington and the protest movement leader tom hayden drawing on her classic economic expertise and deep historical knowledge shlaes upends the traditional narrative of the era providing a damning indictment of the consequences of thoughtless idealism with striking relevance for today great society captures a dramatic contest with lessons both dark and bright for our own time

Great Society

2019-11-19

the author of lincoln s boys takes us inside lyndon johnson s white house to show how the legendary great society programs were actually put into practice team of rivals for lbj the personalities behind every burst of 1960s liberal reform from civil rights and immigration reform to medicare and head start absorbing and astoundingly well researched all good historians do their homework but zeitzi goes above and beyond it s a more than worthwhile addition to the canon of books about johnson npr beautifully written a riveting portrait of lbj every officeholder in washington would profit from reading this book robert dallek author of an unfinished life john f kennedy 1917 1963 and franklin d roosevelt a political life lbj s towering political skills and his ambitious slate of liberal legislation are the stuff of legend the civil rights act of 1964 the voting rights act of 1965 medicare medicaid head start and environmental reform but what happened after the bills passed one man could not and did not go it alone joshua zeitzi reanimates the creative and contentious atmosphere inside johnson s white house as a talented and energetic group of advisers made lbj s vision a reality they desegregated

public and private institutions throughout one third of the united states built medicare and medicaid from the ground up in one year launched federal funding for public education provided food support for millions of poor children and adults and launched public television and radio all in the space of five years even as vietnam strained the administration s credibility and budget bill moyers jack valenti joe califano harry mcpherson and the other staff members who comprised lbj s inner circle were men as pragmatic and ambitious as johnson equally skilled in the art of accumulating power or throwing a sharp elbow building the great society is the story of how one of the most competent white house staffs in american history serving one of the most complicated presidents ever to occupy the oval office fundamentally changed everyday life for millions of citizens and forged a legacy of compassionate and interventionist government

Building the Great Society

2018-01-30

a stirring profile of our 36th president lyndon b johnson who presided over one of the most tumultuous eras in our country s history lyndon b johnson s unprecedented and ambitious domestic vision in the 1960s changed the nation it unraveled and restitched the very fabric of the american life it knocked down racial barriers provided health care for the elderly and food for the poor sustained orchestras and museums in cities across the country and put seat belts and padded dashboards in every automobile but it also carved the deep philosophical divide that has come to define the nation s harsh politics half a century later the policies of lyndon b johnson continue to define politics and power in america the great society 50 years later is a series from the washington post that examines the legacy and limits of johnson s deeply humanistic and profoundly revolutionary social agenda

The Great Society

2014-09-14

a majestic big picture account of the great society and the forces that shaped it from lyndon johnson and members of congress to the civil rights movement and the media between november 1963 when he became president and november 1966 when his party was routed in the midterm elections lyndon johnson spearheaded the most transformative agenda in american political history since the new deal one whose ambition and achievement have had no parallel since in just three years johnson drove the passage of the civil rights and voting rights acts the war on poverty program medicare and medicaid the national endowments for the arts and the humanities public broadcasting immigration liberalization a raft of consumer and environmental protection acts and major federal investments in public transportation collectively this group of achievements was labeled by johnson and his team the great society in the fierce urgency of now julian e zelizer takes the full measure of the entire story in all its epic sweep before johnson kennedy tried and failed to achieve many of these advances our practiced understanding is that this was an unprecedented liberal hour in america a moment after kennedy s death when the seas parted and johnson could simply stroll through to victory as zelizer shows this view is off base in many respects america was even more conservative than it seems now and johnson s legislative program faced bitter resistance the fierce urgency of now animates the full spectrum of forces at play during these turbulent years including religious groups the media conservative and liberal political action groups unions and civil rights activists above all the great character

in the book whose role rivals Johnson's is Congress indeed Zelizer argues that our understanding of the Great Society program is too Johnson-centric he discusses why Congress was so receptive to passing these ideas in a remarkably short span of time and how the election of 1964 and burgeoning civil rights movement transformed conditions on Capitol Hill Zelizer brings a deep intimate knowledge of the institution to bear on his story the book is a master class in American political grand strategy finally Zelizer reckons with the legacy of the Great Society though our politics have changed the heart of the Great Society legislation remains intact fifty years later in fact he argues the Great Society shifted the American political center of gravity and our social landscape decisively to the left in many crucial respects in a very real sense we are living today in the country that Johnson and his Congress made

The Great Society

1932

that shift Davies argues was part of a broader transformation in political values that had devastating consequences for the Democratic Party in particular and for the cause of liberalism generally

The Fierce Urgency of Now

2015-01-08

the Good Society examines how many of our institutions from the family to the government itself fell from grace and offers concrete proposals for revitalizing them

One Great Society

1959

many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive we are republishing these classic works in affordable high quality modern editions using the original text and artwork

From Opportunity to Entitlement

1996

to many Newark seems a profound symbol of postwar liberalism's failings an impoverished deeply divided city where commitments to integration and widespread economic security went up in flames during the 1967 riots while it's true that these failings shaped Newark's postwar landscape and economy as Mark Krasovic shows that is far from the whole story the Newark frontier shows how during the Great Society urban liberalism adapted and grew defining itself less by centralized programs and ideals than by administrative innovation and the small scale personal interactions generated by community action programs investigative commissions and police community relations projects paying particular attention to the fine grained experiences of Newark residents Krasovic reveals that this liberalism was rooted in an ethic of experimentation and local knowledge he illustrates this with stories of innovation within government offices the dynamic encounters between local activists and state agencies and the unlikely alliances among nominal enemies Krasovic makes clear that postwar liberalism's eventual fate had as much to

do with the experiments waged in newark as it did with the violence that rocked the city in the summer of 1967

Good Society

1992-08-18

these essays examine the policies and programs of lbj s great society and the ideological and political shifts that changed the nature of liberalism some essays focus on lyndon johnson himself and the institution of the modern presidency others on specific reform measures and others on the impact of these initiatives in the following decades

A Guide to Books for Socialists ...

1907

community colleges enroll half of the nation s undergraduates yet only 40 percent of entrants complete an undergraduate degree in six years redesigning america s community colleges explains how two year colleges can increase their students success rate quickly and at less cost through a program of guided pathways to completion

A Great Society?

1968

a uniquely balanced look at the great society and its aftermath this work describes and evaluates america s key social policy initiatives from presidents johnson to reagan

Etiquette for Gentleman - a Guide to the Observances of Good Society

2011-05-01

this drama about lbj s 1960s war on poverty shines a bright clear light on a pivotal moment in american history charles isherwood the new york times the tumultuous beginning of lyndon johnson s presidency that robert schenkkan presented in the multiple tony winning all the way continues in part two the great society which had its world premiere at the oregon shakespeare festival in july 2014 directed by bill rauch and starring jack willis in the years from 1965 to 1968 president lyndon johnson struggles to fight a war on poverty even as his war in vietnam spins out of control besieged by political opponents johnson marshals all his political wiles to try to pass some of the most important social programs in u s history while the country descends into chaos over the war and backlash against civil rights in the tradition of the great multi part shakespearean historical plays the great society is an unflinching examination of the morality of power a taut political thriller schenkkan s writing shines a vital study for all those who wish to learn from the past in order to gain some idea of what we might do in the present austin american statesman

The Newark Frontier

this drama about lbj s 1960s war on poverty shines a bright clear light on a pivotal moment in american history charles isherwood the new york times the tumultuous beginning of lyndon johnson s presidency that robert schenckan presented in the multiple tony winning all the way continues in part two the great society which had its world premiere at the oregon shakespeare festival in july 2014 directed by bill rauch and starring jack willis in the years from 1965 to 1968 president lyndon johnson struggles to fight a war on poverty even as his war in vietnam spins out of control besieged by political opponents johnson marshals all his political wiles to try to pass some of the most important social programs in u s history while the country descends into chaos over the war and backlash against civil rights in the tradition of the great multi part shakespearean historical plays the great society is an unflinching examination of the morality of power a taut political thriller schenckan s writing shines a vital study for all those who wish to learn from the past in order to gain some idea of what we might do in the present austin american statesman

The Great Society and the High Tide of Liberalism

2005

how did a disheveled intellectually combative gay jew with a thick accent become one of the most effective and funniest politicians of our time growing up in bayonne new jersey the fourteen year old barney frank made two vital discoveries about himself he was attracted to government and to men he resolved to make a career out of the first attraction and to keep the second a secret now fifty years later his sexual orientation is widely accepted while his belief in government is embattled frank a life in politics from the great society to same sex marriage is one man s account of the country s transformation and the tale of a truly momentous career many americans recall frank s lacerating wit whether it was directed at the clinton impeachment what did the president touch and when did he touch it or the pro life movement some people believe life begins at conception and ends at birth but the contours of his private and public lives are less well known for more than four decades he was at the center of the struggle for personal freedom and economic fairness from the battle over aids funding in the 1980s to the debates over big government during the clinton years to the 2008 financial crisis the congressman from massachusetts played a key role in 2010 he coauthored the most far reaching and controversial wall street reform bill since the era of the great depression and helped bring about the repeal of don t ask don t tell in this feisty and often moving memoir frank candidly discusses the satisfactions fears and grudges that come with elected office he recalls the emotional toll of living in the closet and how his public crusade against homophobia conflicted with his private accommodation of it he discusses his painful quarrels with allies his friendships with public figures from tip o neill to sonny bono and how he found love with his husband jim ready becoming the first sitting member of congress to enter a same sex marriage he also demonstrates how he used his rhetorical skills to expose his opponents hypocrisies and delusions through it all he expertly analyzes the gifts a successful politician must bring to the job and how even congress can be made to work frank is the story of an extraordinary political life an original argument for how to rebuild trust in government and a guide to how political change really happens composed by a master of the art

Redesigning America's Community Colleges

2015-04-09

based on a comprehensive review of human and societal evolution the book develops an approach to conscious self guided evolution in the course of the evolutionary journey of our species there have been three seminal events the first happened some seven million years ago when our humanoid ancestors entered on the evolutionary scene their journey toward the second crucial event lasted over six million years when as the greatest event of our evolutionary history homo sapiens sapiens started the revolutionary process of cultural evolution today we have arrived at the threshold of the third major event the revolution of conscious evolution when it becomes our responsibility to enter into the evolutionary design space and guide the evolutionary journey of our species the book tells the story of the first six million years of the journey in just enough detail to understand how evolution had worked in times when it was primarily biological driven by natural selection with the human revolution some fifty thousand years ago with the emergence of self reflective consciousness the evolutionary process transformed from biological into cultural from this point on the book follows the journey with detailed attention in order to learn how cultural evolution works the book is organized in three parts part one commences with an exposition of a brief history of the evolutionary idea through time with a focus on a review of the science of general evolution and specifically social and societal evolution next the book unfolds the evolutionary story of our species from the time when the first humanoids entered the evolutionary scene to our current era part two develops a systems view of evolution explores the ways and means of how evolution works characterizes evolutionary consciousness and develops the idea of conscious evolution part three builds upon the knowledge developed in the first two parts and sets forth the key conditions of conscious self guided evolution elaborating the core condition which is the acquisition of evolutionary competence through evolutionary learning the focus of this part is on an approach to the design of evolutionary guidance systems that our families neighborhoods communities organizations social and societal systems can use to design the future they aspire to attain the work is set aside from other statements in three important ways it provides 1 a comprehensive review of how evolution has worked with a focus on socio cultural evolution 2 an explanation of evolutionary consciousness and the conditions of engaging in conscious evolution and 3 most significantly it develops a detailed approach and a methodology to the design of evolutionary guidance systems

the 1960s continue to be the subject of passionate debate and political controversy a touchstone in struggles over the meaning of the american past and the direction of the american future amid the polemics and the myths making sense of the sixties and its legacies presents a challenge this book is for all those who want to take it on because there are so many facets to this unique and transformative era this volume offers multiple approaches and perspectives the first section gives a lively narrative overview of the decade s major policies events and cultural changes the second presents ten original interpretative essays from prominent historians about significant and controversial issues from the vietnam war to the sexual revolution followed by a concise encyclopedia articles organized alphabetically this section could stand as a reference work in itself and serves to supplement the narrative subsequent sections include short topical essays special subjects a brief chronology and finally an extensive annotated bibliography with ample information on books films and electronic resources for further exploration with interesting facts statistics and comparisons presented in almanac style as well as the expertise of prominent scholars the columbia guide to america in the 1960s is the most complete guide to an enduringly fascinating era

The Great Society

2017-03-14

in the forgotten man amity shlaes one of the nation s most respected economic commentators offers a striking reinterpretation of the great depression she traces the mounting agony of the new dealers and the moving stories of individual citizens who through their brave perseverance helped establish the steadfast character we recognize as american today

Official Guide to the City of York

1929

conservative bias examines one of the most notorious figures of modern american politics jesse helms thrift shows that helms was not merely a right wing demagogue but rather a brilliant media mastermind who built a national movement from a little television soundstage in raleigh neil j young princeton university in this careful thoughtful and thoroughly researched study bryan hardin thrift provides the first comprehensive study of jesse helms s long career as a conservative journalist and television ideologue prior to his long tenure as a u s senator from north carolina william a link author of righteous warrior jesse helms and the rise of modern conservatism traces a little known but pivotal phase of helms s pre senatorial career and explains how the future new right leader used the power of local television broadcasts in the 1960s to forge a new ideology that moved the nation to the right daniel k williams author of god s own party before bill o reilly and glenn beck there was jesse helms from in front of a camera at wral tv helms forged a new brand of southern conservatism long before he was a senator from north carolina as executive vice president of the station helms delivered commentaries on the evening news and directed the news and entertainment programming he pioneered the attack on the liberal media and his editorials were some of the first shots fired in the culture wars criticizing the influence of immoral entertainment through the emerging power of the household television helms established a blueprint and laid the foundation for the modern conservative movement bryan thrift mines over 2 700 wral tv viewpoint editorials broadcast between 1960 and 1972 to offer not only a portrait of a skilled rhetorician and wordsmith but also a lens on the way

the various and at times competing elements of modern american conservatism cohered into an ideology couched in the language of anti elitism and traditional values decades prior to the invention of the blog helms corresponded with his viewers to select refine and sharpen his political message until he had reworked southern traditionalism into a national conservative movement the realignment of southern democrats into the republican party was not easy or inevitable and by examining helms s oft forgotten journalism career thrift shows how delicately and deliberately this transition had to be cultivated bryan hardin thrift teaches history at johnston community college

an essential guide to american politics and the american political system by kenneth hill clarifies many of the trends influencing american politics today you will find in this book a clear analysis of the underlying structure of the american political system emerging trends and enduring problems the book analyzes both continuity and change in american politics and the interaction between the two voters to take one example now have multiple sources to gather and evaluate political information the result is often confusion rather than better understanding policies adopted by nations around the world now impact the american voter in both positive and negative ways the policies of other nations now in part determine rates of employment in the united states the question of equality and equal opportunity has become increasingly controversial as the gap between social classes continues to widen much more than in the past more americans are now questioning the ability of the

american political system to successfully deal with current challenges americans are losing confidence in their leaders and institutions the optimism that has long been a characteristic of the american people is vanishing as problems go unsolved often because of petty political differences our two political parties no longer produce the leaders they once did kenneth hills book is an essential guide to better understand the challenges confronting the american political system and the possibility of success or failure
