Monthly Record: Meteorological Observations in Northern Canada. Resume Mensuel: Donnes Meteorologiques Pour Le Canada

Septentrional 1977 a number of curious communities sprang up across the united states in the late nineteenth and early twentieth century simulated cities states and nations in which children played the roles of legislators police officers bankers journalists shopkeepers and other adults they performed real work passing laws growing food and constructing buildings among other tasks inside virtual worlds in this book jennifer light examines the phenomena of junior republics and argues that they marked the transition to a new kind of sheltered childhood for american youth banished from the labor force and public life children inhabited worlds that mirrored the one they had left light describes the invention of junior republics as independent institutions and how they were later established at schools on playgrounds in housing projects and on city streets as public officials discovered children s role playing helped their bottom line the junior republic

movement aligned with cutting edge developmental psychology and educational philosophy and complemented the era s fascination with models and miniatures shaping educational and recreational programs across the nation light s account of how earlier generations distinguished real life from role playing reveals a hidden history of child labor in america and offers insights into the deep roots of such contemporary concepts as gamification play labor and virtuality

Catalog of Machine-readable Records in the National Archives of the United States 2005 volume iii presents examples of how the joint commission s ten step monitoring evaluation process is being used in many specialty practice areas
