the spirit is the source of our life the center of our being when the spirit is damaged wounded or corrupted in any way the ability to relate or communicate normally with others and god becomes polluted and hindered

## **The Wounded Spirit *2015-07-27***

a wounded broken damaged or crushed spirit is the injury to the emotions by another that manifests such horrendous pain and misery that it may feel as if we have been torn open and are bleeding from every orifice of the body the wounded spirit seeks to address many of the heart wounds that plague humanity offering biblical direction regarding their resolution and healing the purpose of this book is primarily twofold first it is my intent to encourage and help the hurting by revealing from scripture that god loves them that he is ever in control of their life and that he works out all that happens for their highest good and his glory second i write to aid believers in recognizing their wounded spirit and how it may be healed

## **Healing the wounded spirit 1996**

our lord s miracles were not just exotic intervals in his real ministry his approach to the marginalized the sick and the disabled was an intrinsic part of his mission a sign of the messiah prophesied in scripture inseparable from the proclamation of the good news by studying his healing miracles from an often neglected perspective that of the sufferer we gain a glimpse of how god views his creation by studying our lord s passion from his physical wounds and from his five invisible wounds we draw comfort strength and spiritual guidance in scripture we find inspiration in the sacraments and traditions of the church healing balm in prayer and other useful resources practical help true to the ancient devotion to the five wounds of christ the contemplation of which helped ordinary christians to see the suffering of others to cope with their own suffering and to find the strength to follow in his footsteps the five wounds offers hope and help to those suffering the invisible spiritual wounds that accompany sickness and disability the poor in body and the poor in spirit as well as those who care for them at a time when so many are swimming against the tide of assisted suicide advocacy struggling to resist the seductive voices of the culture of death the five wounds offers the hope and help they need to carry on living the apostolate of suffering lifting the veil of man s greatest mystery it finds true love in apparently worthless suffering in accepting god s plan wherever it may lead we find ourselves unexpectedly accepting his invitation to the joyful banquet of the lamb

if you ve ever been there you ve never forgotten the feeling is as haunting and familiar as the smell of a junior high school locker room it s the feeling of being undersized or oversized or klutzy or less than beautiful of being a nerd or a geek or just somehow different it s knowing you are vulnerable and

someone is ready and willing to take full advantage of your weakness by making your life miserable it is the fraternity you never wanted to join the fellowship of the wounded spirit and bestselling novelist frank peretti is a member too this book is the haunting true story of pain frank peretti never forgot but never until recently shared with the world it is the story of growing up with a medical condition that left him disfigured a series of surgeries and the slow miracle of answered prayer took care of the deformity but not the underdeveloped frame or the excruciating reality of being different and it was for these petty crimes that peretti was prosecuted every day at school especially in gym class but also in the halls on the school grounds even in his own neighborhood no wonder he found himself relating to movie monsters who were hated but also feared and who eventually exacted a bloody revenge on their tormentors in peretti's case deliverance eventually came through time through prayer through a teacher's caring intervention and his own willingness to seek help but he has never forgotten what life was like at the bottom of the junior high foodchain and from the reservoir of those agonizing memories he sends a compelling message to victims to bullies and to authorities who have the power to intervene that it is never ok for the strong to abuse the weak and that we allow such abuse at the expense of our souls and our very civilization especially in the wake of the massacre at columbine high school perpetuated by two troubled but also tormented outsiders this message takes on haunting resonance frank peretti believes we cannot afford to overlook the continuing reality of wounded spirits not only in our schools but in our homes churches and workplaces his approach is both tender and tough as he issues a ringing call for a change in attitude it is a call for all of us to stop thinking of abuse as normal even among kids it is a call for the strong to stand up and protect the weak not prey upon them it is a call for those in authority to pay attention to the violence being done to the vulnerable in the midst of our everyday lives and to take action to help most of all it is a call for bullies and victims alike many of us are both to seek the healing and forgiveness offered in jesus christ for that healing is really the heart of this book the only reality that can break the natural cycle of victimization and abuse only in christ peretti reminds is there hope for the wounded spirits but that hope is powerful enough to change everything

## **Healing the Wounded Soul, Vol. IV 2004-02**

millions of people around the world are struggling to cope with a wounded spirit a pain deep within that is hard to describe and difficult to talk about lives have been destroyed and dreams have died the wounds are usually inflicted on innocent young children who had everything to live for their souls torn

apart in one destructive moment that all too often repeats itself the cause of this catastrophic tragedy is the evil lust of those who perpetuate wicked actions to satisfy their own sexual gratification whilst mortally wounding the very souls of their victims whilst the content primarily focuses on the damaging effects of sexual abuse the book also recognises the devastating effects of verbal and physical abuse the healing process described is appropriate for all forms of abuse healing is hard to find but thankfully it is possible
