State Laws Governing Local Government Structure and Administration 1957

writing in the immediate aftermath of the second world war the political theorist hannah arendt argued that the plight of stateless people in the inter war period pointed to the existence of a right to have rights the right to have rights was the right to citizenship to membership of a political community since then and especially in recent years theorists have continued to grapple with the meaning of the right to have rights in the context of enduring statelessness mass migration people flows and the contested nature of democratic politics the question of the right to have rights remains of pressing concern for writers and advocates across the disciplines this book provides the first in depth examination of the right to have rights in the context of the international protection of human rights it explores two overarching questions first how do different and competing conceptions of the right to have rights shed light on right bearing in the contemporary context and in particular on concepts and relationships central to the protection of human rights in public international law secondly given these competing conceptions how is the right to have rights to be understood in the context of public international law in the course of the analysis the author examines the significance and limits of nationality citizenship humanity and politics for right bearing and argues that their complex interrelation points to how the right to have rights might be rearticulated for the purposes of international legal thought and practice

General Laws of Rhode Island, 1956 2010-07-04

This book expounds the theory of international arbitration law it explains in easily accessible terms all the fundamentals of arbitration from separability of the arbitration agreement to competence competence over procedural autonomy finality of the award and many other concepts it does so with a focus on international arbitration law and jurisprudence in Switzerland a global leader in the field with a broader reach than a commentary of Chapter 12 of the Swiss Private International Law Act the discussion contains numerous references to comparative law and its developments in addition to an extensive review of the practice of international tribunals written by two well-known specialists Professor Kaufmann Kohler being one of the leading arbitrators worldwide and Professor Rigozzi one of the foremost experts in sports arbitration the work reflects many years of experience in managing arbitral proceedings involving commercial investment and sports disputes this expertise is the basis for the solutions proposed to resolve the many practical issues that may arise in the course of an arbitration it also informs the discussion of the arbitration rules addressed in the book from the ICC Arbitration Rules to the Swiss Rules of International Arbitration the CAS Code and the UNCITRAL Rules while the book covers commercial and sports arbitrations primarily it also applies to investment arbitrations conducted under rules other than the ICSID framework

1-2-3 Draw Super Fun Stuff 1945

Contemporary scholars of Chinese philosophy often presuppose that early China possessed a naturalistic worldview devoid of any non-natural concepts such as transcendence challenging this presupposition head-on Joshua R. Brown and Alexis McLeod argue that non-naturalism and transcendence have a robust and significant place in early Chinese thought this book reveals that non-naturalist positions can be found in early Chinese texts in topics including conceptions of the divine cosmogony and apophatic philosophy moreover by closely examining a range of early Chinese texts and providing comparative readings of a number of Western texts and thinkers the book offers a way of reading early Chinese philosophy as consistent with the religious philosophy of the East and West including the Abrahamic and the Brahmanistic religions co-written by a philosopher and theologian this book draws out unique insights into early Chinese thought highlighting in particular new ways to consider a range of Chinese concepts including Tian Dao Li and You Wu
