37 Catholic Classroom Crafts--in 20 Minutes Or Less! 2009

catechists and teachers will love these crafts in particular they will love how quickly and inexpensively they can be done they are the perfect complement to lessons on the bible the church year nature the gospels and jesus the detailed directions and illustrations make each craft project simple and easy for both adult leaders and children best of all all of these crafts have a place in whatever textbook series a catechist or teacher might be using and are perfect for children in grades one through six also included is a companion cd that makes all components including worksheets easy to print and distribute

The Patterns of Paper Monsters 2010-08-09

jacob higgins s teenage rage rarely simmers below the surface for long he despises his negligent mother and her alcoholic boyfriend refrigerator man and he s indifferent to school and his friends though a little less casual about girls and marijuana his antics have landed him in a north virginia detention center where nihilism freedom and redemption all take on unexpected guises in a voice filled with confusion yearning and sardonic humor jacob narrates his improbably sweet romance with andrea an inmate with whom he shares rare glances melodramatic conversation and waxy cookies at rigidly chaperoned socials but when david a mysterious conniving adolescent handpicks him to assist in a plot to bring about the center s demise jacob has to weigh the frail new optimism of his relationship with andrea against the allure of destruction rebellion and escape in her pitch perfect debut emma rathbone adroitly captures the drama both comic and deadly serious of growing up

Juvenile Justice Anger Management (JJAM) Treatment for Girls 2023

the juvenile justice anger management jjam treatment for girls is a manualized anger management and aggression reduction treatment designed for adolescent girls and young women placed in residential juvenile justice facilities this gender specific treatment is an 8 week cognitive behavioral group intervention that consists of 16 90 minute sessions the jjam facilitator manual includes a user friendly session by session guide along with the accompanying workbook materials for youth participants jjam addresses the unique gender and developmental needs of girls and young women in juvenile justice system such as the link between relational and physical aggression the importance of strengthening and repairing damaged relationships and the need to transfer skills learned in a facility to day to day life in the community following discharge session activities elicit real life examples from participants so that activities and content can be tailored to the characteristics needs and interests of the specific girls and young women in each group jjam was developed through a rigorous research process and is identified as an empirically based program and empirically supported treatment studies have shown that jjam significantly reduced anger and aggression among girls in residential juvenile justice facilities making it an essential resource for any clinician working on anger management treatment

Concise Guide to Information Literacy 2022-02-15

this flexible text can serve as the basis of a course in information literacy or as a supplemental text or basic research guide in any course both a students textbook and an instructional reference for educators this brief but information rich text teaches students what information literacy is and why it s such an important skill to develop authors scott lanning and caitlin gerrity concentrate on developing skills and behaviors that positively impact the information literacy process they teach such skills as evaluating and using information and behaviors like exploring analyzing and creating updated to incorporate the new aasl standards this third edition of concise guide to information literacy includes new information on the value of curiosity and choice in the research process offers a new model of the research process the reflective inquiry model and updates the decision points information seeking model that describes how student researchers choose to use the information they ve found this book has proven to be invaluable for high school and college students learning about information literacy and librarians and teachers in upper high school and community college settings

Tao of Composition 2003-06-26

with the tao of composition no longer does producing a paper become a tedious process filled with endless redundancies and plagiarism now students can learn and apply a basic organizational structure to their writing without wondering how to construct the basic elements of any academic essay no longer will you have to sit in front of the computer the night before the paper is due and regurgitate stream of consciousness drivel connected loosely with evidence

New Perspectives on Material Mediation in Language Learner Pedagogy 2022-05-31

this volume distinguishes itself from existing research on materials design development and evaluation and focuses on material mediation in actual processes of teaching and learning a subject that has been under researched in the field of applied linguistics and second language education this edited volume includes diverse perspectives on the roles that materials play in language learner pedagogy moving beyond the field of english language teaching readers will find novel contributions offering a diversity of language teaching contexts learner populations and topics in the theory and or practice of second and foreign language teaching chapters explore the ways in which affordances and constraints of classroom materials impact teachers and learners while at the same time they bring their own evolving resources identities beliefs and expertise to modify and adapt the materials to better suit their local language teaching and learning environments as such this text is ideal for use as supplemental reading in a wide variety of applied linguistics second foreign language education tesol and instructional course design courses

Social Sciences Research 2008-02-04
