## **Management Accounting, 4th Edition 2020-01-21**

eldenburg's fourth edition of management accounting combines the basic technical issues associated with cost management, management accounting and control with more recent and emerging themes and issues. management accounting is a compulsory element of the accounting major and this text is written to cover the content typically taught in the two management accounting units offered in most accounting programs. the management accounting interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. this includes case videos, interactive problems and questions with immediate feedback. eldenburg's unique resource can also form the basis of a blended learning solution for lecturers.

## **Advanced Financial Accounting 2019**

this new edition builds upon the success of the previous three editions through its emphasis on explanations and illustrative examples to help students understand complex accounting requirements that deal with advanced level accounting topics. these topics include group reporting, accounting for the effects of foreign exchange movements, financial instruments, share-based payments, earnings per share and deferred tax, among others. the book deals with the complexity of accounting issues head on and explains integrated problems that involve the application of more than one IFRS standard. there are new end of chapter questions, impactful diagrams, flowcharts, concept maps and many other features as explained in the preface of this book. back cover.

## **Financial & Managerial Accounting 2020-12**

what consistently ranks as one of the top career opportunities in business, what frequently rates among the most popular majors on campus, what was the undergraduate degree chosen by Nike founder Phil Knight, Home Depot co-founder Arthur Blank, former acting director of the Federal Bureau of Investigation, FBI, Thomas Pickard, and numerous members of Congress. Accounting 1: Why did these people choose accounting? They wanted to understand what was happening financially to their organizations. Accounting is the financial information system that provides these insights. In short, to understand your organization, you have to know the numbers. Accounting consists of three basic activities: it identifies records and communicates the economic events of an organization to interested users. Let's take a closer look at these three activities.

## **Intermediate Accounting IFRS 2020-07-08**

essential knowledge of international financial reporting standards for students of global accounting. this important work provides the tools global accounting students need to understand international financial reporting standards (IFRS) and how they are applied in practice. this text emphasizes fair value, proper accounting for financial instruments and new developments in international accounting by presenting IFRS in light of current accounting practice. this book helps students gain practical knowledge of the topic that they can apply as they advance into their global accounting careers. with this revised and updated fourth edition, students will develop a firm conceptual understanding of IFRS as well as the ability to integrate their learning through practical exercises throughout this text. global accounting insights highlight the important differences that remain between IFRS and U.S. GAAP, discussing the ongoing joint convergence efforts to resolve them. comprehensive, up-to-date and accurate intermediate accounting IFRS includes proven pedagogical tools designed to help students learn more effectively. comprehensively covers the latest international financial reporting standards and how they are applied in practice. takes a comparative approach to help students understand the differences between IFRS, U.S. GAAP and other important standards. emphasizes practical application of knowledge with end of chapter review and practice sections. provides authoritative references and citations to ensure content reliability and provide opportunities for further study. includes access to video walkthroughs, interactive content and digital resources to support student engagement and ensure positive learning outcomes. as IFRS gains broad acceptance around the world, students of global accounting will need to be intimately familiar with these standards and prepared to keep up with the rapid changes in the international environment. intermediate accounting IFRS answers to these pressing needs, making it the clear choice for accounting courses at the intermediate level.

## **Financial Accounting with International Financial Reporting Standards 2018-07-18**
